About Us

olutions

Established in 2015, Fangzi Solutions provides comprehensive Lighting and Home Automation Solutions tailored to your design vision and seamlessly aligned with your design concepts.

We have offered the finest, most robust products available in the market from over a decade, serving renowned architects, interior designers, esteemed clients, and corporate procurement teams with reliable, project-ready solutions.

Why Associate with US

At Fangzi Solutions, we don't just supply products - we partner with you to bring your vision to life. Our approach goes beyond transactions to support your project goals with insight, precision, and reliability. Here's what sets us apart:

- **Expert Product Consultancy:** We provide personalized guidance aligned with your design vision, space requirements, and budget—ensuring that every choice adds value.
- **Tailored Solutions for Complex Projects:** Whether it's a large-scale development or a high-specification build, our team delivers customized solutions that meet demanding project needs.
- **Proven Nationwide Experience:** With a portfolio of over 1,000 successful projects across India including Gujarat, Madhya Pradesh, Maharashtra, Karnataka, and the Andaman & Nicobar Islands—we bring trusted expertise to every collaboration.

You can see Fangzi Solutions as an extension of your team. Our mission is to simplify decision-making, uphold quality, and ensure seamless execution on time, and without compromise.
